February 15th.

Saturday, Jan. 11th, marked the close of the first lap in the Big Climax and Merchants Voting contest, when all votes were taken from the Ballot-box in this office and carefully counted by the official count and the editor assisted by the contest representative, who worked hard to determine the winner of the \$10.00 in gold.

Many thousand votes came into the office during the last few days and this contest promises to be the most lively voting plan that this section has ever had, as it was impossible to tell who was ahead and even to the editor the contents of the ballot box was an enigma, and during the entire count it was a close and interesting race between the leaders. When the totals were struck, it was found that Miss Laura Taylor was winner of the \$10.00 in gold, having made the highest vote up to date. It was noticed that the high vote that Miss Taylor attained was secured by the close observance of the "special Bonus offer" which means many extra votes when they are brought in in clubs of seven. Every CONTESTANT should study over the rules of the contest and vote every coupon so that she may get all the votes due her.

On February 15th, we will open the ballot box again and in order to make

Absence

Makes the heart grow fonder, we're told, but a good portrait of the absent one will keep the recollection of the absent one more vivid—and comfort many a lonely hour of separation.

We make a specialty of portraits and our studio is exceptionally equipped for fine portrait work.

this contest worth while and especially interesting to every contestant we will award Two Special Prizes in Gold, as this count has more than come up to our expectations.

\$10.00 IN GOLD
will be given to the lady who makes the greatest gain during the time between the first and second counts.

\$5.00 IN GOLD.
\$5 in gold will be given to the lady who makes the second greatest gain between the first and second counts. This makes fair to all and the lady who has only 25 votes stands an equal chance to win one of these gold prizes with the lady who already has many thousand votes, as it goes to the one who makes the greatest increase and not to the one who may have the highest grand total at the time of the second count.

With a beautiful \$400 Piano and all the other valuable prizes that will be distributed, this is worth your while and even to win the gold we offer in itself worth going out and getting every obtainable coupon. We wish to instruct all voters that in depositing votes to be sure and vote all tickets in accordance with the following bonus offer, which will be positively the largest bonus offer that we will have to extend at any time on clubs of seven subscriptions.

For every (7) years of New Subscription 10,000 extra bonus votes, making a taking a total of 14,000 votes.

For every (7) years of Renewal Subscription 8,000 extra bonus votes, making a total of 11,000.

For every (7) years of Back Subscription 5,000 extra bonus votes, making a total of 8,000 votes.

For every bunch of (40) Merchants Coupons 500 extra bonus votes will be given, making a total of 1,500 votes.

Study the above bonus offer and see just how many votes you will be able to turn in for the next count and try hard and win one of these special prizes and be in good position to win the Piano on the final count. The following is the result of the count made Saturday, Jan. 11th:

Surely Banishes Catarrh.

Where there's catarrh there's thousands of catarrh germs. You can't get rid of catarrh unless you kill these germs.

You can't kill them with stomach medicine or sprays because they can't get where germs are.

You can kill these germs with Booth's HYOMEI, a penetrating, antiseptic, balsamic air that you breathe a few times a day directly over the raw, sore, germ infested membrane. It does not contain morphine or any habit forming drug.

For catarrh, croup, coughs, and colds HYOMEI is sold on money back plan by B. L. Middleton. Complete outfit, \$1.00. Extra bottles of Booth's HYOMEI if afterwards needed, only 50 cents. Just breathe it—no stomach dosing.

A Marriage Mix-Up.

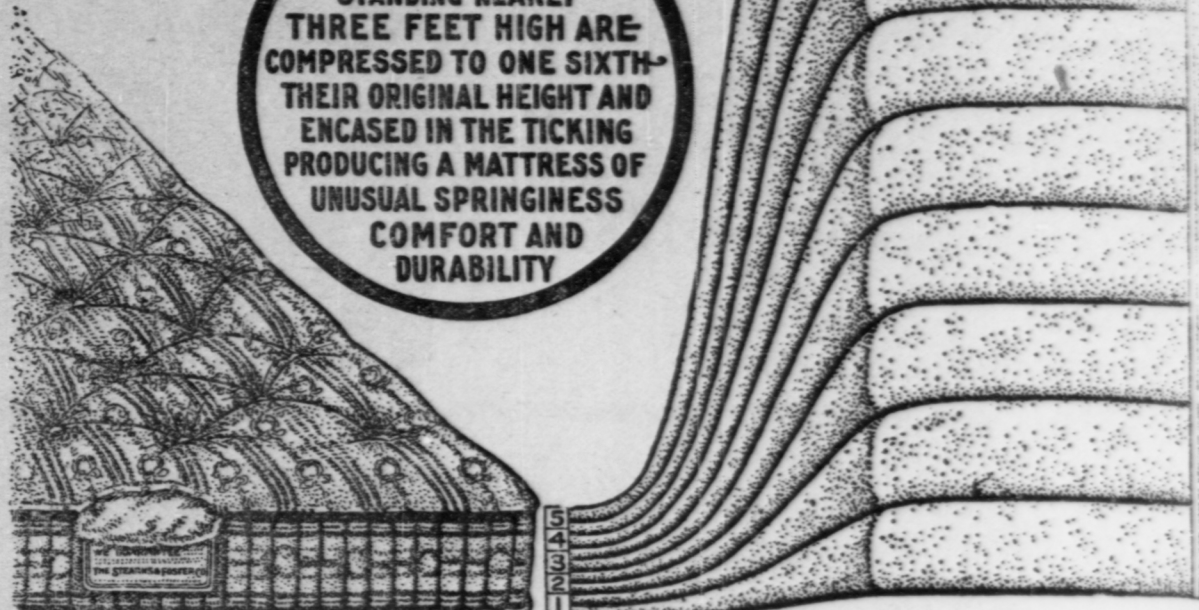

The editor of one of our exchanges tells an amusing story of a typographical mistake in connection with a marriage notice which came in his experience. The story runs thus: The bridegroom was a man by the name of Gunn, whose father, Abraham Gunn, was a leading citizen. The editor wanted to give the young people a good send-off, but turned in the copy and trusted to a drunken printer and a drunken proof-reader to see that it got into the paper all right. The next morning he read the announcement, headed "Gunsmith." The girl's name was Smith. The notice went on to say that the blushing bride was becomingly arrayed in a dress of "white mule" instead of "white mull," and she carried a large red "nose." The copy said "nose." He had written in regard to the groom that he was "the well-liked son of A. Gunn." The compositor set it up "the wall-eyed son of a gun." The editor fired both the compositor and proof reader, but just the same he was never able to square it with either the bride or the groom, or old man Gunn.—Exchange.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so have been long ago been found worthless. The most advanced physicians of this country are now agreed on this and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema, as quinine for malaria. I have been prescribing the D.D.D. remedy for years." It will take away the itch the instant you apply it.

In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a \$1 bottle on our guarantee. If it will not cure you, nothing will. You see that it does the work.

Dr. Wm. Owsley Goodloe Dead.

Dr. William Owsley Goodloe, a prominent Presbyterian minister and a former pastor of the congregation of this city died at 3:15 o'clock this morning at the home of his daughter, Mrs. C. D. Billings, on North Walnut street. He was widely known throughout Kentucky and Indiana as a minister of unusual ability and learning and during his early life took an active part in educational affairs.

Dr. Goodloe was the son of Judge and Mrs. Wm. C. Goodloe and was born April 1, 1837, at Richmond, Ky. He received his early education in the country schools of that State and later attended college at Hampton Sidney, Va., and was a graduate of the college at Danville, Ky. After receiving his degree he engaged in business for some time and was also editor of the Kentucky Statesman at Lexington, Ky., for several years. He was active in politics and during the campaign of President Grant served as chairman of the state executive committee of Kentucky. After the election of President Grant he was appointed postoffice inspector for Kentucky.

He entered the ministry in 1872 and served a number of large churches in Kentucky and Indiana. During his ministry he served churches at Mt. Sterling and Harrodsburg, Ky., New Albany, North Vernon, Seymour and Scottsburg. He was pastor of the local congregation from 1888 to 1891. His last charge was at Scottsburg where he served until last April, being compelled to give up his chosen work because of failing health. In recognition of his excellent work in the ministry the honorary degree of Doctor of Divinity was conferred upon him by the Danville College.

In 1861 he was married to Miss Victoria Payne and to this union was born four children, two of whom are living, Elizabeth, of Gainesville, Ga., and Mrs. Almitra Haskins, of Bowling Green, Ky. In 1875, several years after the death of his wife, he was married to Miss Ida C. Rainey at Mt. Sterling, Ky., and to them were born two children, one of whom Mrs. C. Billings, with the widow survive. He also leaves two sisters, Mrs. Wm. Neale, of Lexington, Ky., and Mrs. Jas. Edgar, of Detroit, Mich., and eight grandchildren.

The funeral services will be conducted Sunday afternoon at 2 o'clock from the Presbyterian church, the pastor, Rev. M. E. Prather, officiating. Burial at Riverview—Scottsburg, Ind. Journal.

The Opera House.
On Thursday night, Jan. 10th, there will be presented at the opera house the great Kay-Bee two-reel feature film, "The Altar of Death." It will be remembered that it was the Kay-Bee people who made the films in "Custer's Last Stand" and "The Invaders." A grand Indian and military picture. On Saturday night there will be a Thanhouser two-reel feature, "Aurora Floyd," from the book by Miss M. E. Brandon. There will be a special feature every night and to-night will be no exception to the rule, for Sara Bernhardt, the "divine Sara," will be seen in her great play, "La Tosca."

The Bluegrass Dairy and Ice Company, with a paid-up stock of \$10,000, has been incorporated for the purpose of erecting and conducting an ice plant and creamery in Lancaster. H. V. Bastin is president and general manager.

Thomas Hart Talbott, of Bourbon County, was unanimously selected as the most competent and suitable man to be presented to Governor McCreary for appointment on the State Racing Commission to succeed Major F. A. Daingerfield, recently deceased, at the meeting of breeders, owners and trainers held in the private dining room of the Phoenix Hotel, Lexington, Friday.

Following the failure of the jury in case of Dock Smith and Andrew Johnson, accused of shooting ex-Sheriff Ed Callahan, of Breathitt County, to agree Judge J. M. Benton of the Clark Circuit Court, threw a bombshell into the camp of defense by declaring he would hear no more of the Callahan assassination trials until the credibility of the testimony being presented was disposed of. He said that if all testimony was being fabricated it was evident some master mind at Jackson was behind it and as most of the witnesses had talked to Govan Smith, he changed his order in the case of Govan Smith, so as to hold him without bond, making the same order in the case of Fletcher Jackson, alleged to be responsible for the killing, if Dock Smith and Andrew Johnson actually did the shooting. Judge Benton said that the grand jury would be in session for the next three weeks to give ample time to investigate the charges of fabricated testimony made by both sides, but that until this was settled he would waste no more of the state's money in useless trials of the alleged conspirators.

Farmer's Union

Establishes Stock Exchange for Farmers.

The Farmer's Union of Madison county has established an information bureau for the benefit of the farmers of the county whereby buyer and seller are brought together quickly and without expense to anyone. This unique departure is worked in this wise: The Union has placed in the hands of the manager of the Union Supply Company, Irvine street, a set of books in which to keep a record of wants and sales of live stock.

In one book is recorded a list of horses, mules, cattle, cows, sheep, hogs and poultry for sale by members of the Farmer's Union. In another book is properly listed the wants of the members in the live stock line. Members write or telephone in to Greeley Barnes, the manager of the store, the name and description of what they want to buy or have for sale and an entry is made in the proper book. By referring to these records purchaser and seller are quickly brought together in a saving time and waste of money in oftentimes fruitless search. It is simply an information bureau originated for the purpose of saving members loss of time in going about the county in search of something that may be found here in a minute. There are no no middlemen to be paid and the Union will at all times assist those in search of live stock.

It has been decided to open this information bureau to the public and the Farmer's Union announces that the department in the future will be free to all who are in the largest of its books. Should you want to buy something or sell something in live stock here is the place where offers and requests from all parts of the county will be found. Much interest has been aroused in this helpful idea and it is being fully appreciated.

State University News.

(By G. C. Wilson.)

The recent heavy rains have caused a great gathering of water in every little stream and swag. Rain fell almost incessantly for 36 hours and water to a depth of six inches or more was running over East Main street almost all day Saturday. The sidewalks were covered with running water and one family had to be taken from their home by a team of mules. The water in the back yards looked like a lake. The old lake bed which was drained a few years ago resumed its former position and it recalled to the minds of the passing students the days when the old lake was covered with ice.

Saturday morning the farmers' week closed with the most successful and beneficial meeting in its history. The Corn Exhibit was the best ever gotten together in Kentucky. Prof. J. H. Carmody, of the University of Michigan, who is now employed in the Extension Department of the Experiment Station, said that the best exhibition of corn that he had ever seen. The corn was not sent back to the growers but was packed and sent to Columbia, S. C., for the National Corn Show which will be held there Jan. 27th. Many beautiful medals were given to the winners of the Kentucky Boys' Corn Contest. Club, among them a handsome silver pitcher valued at \$100. The boy who wins the pitcher two years in succession becomes the permanent owner.

Different kinds of soils were illustrated and many kinds of oats, wheat, beans, peas, clover, hay and tobacco shown. The samples of tobacco brought fancy prices on the Lexington market. A fine assortment of butter, cream and milk were exhibited. The most appetizing thing of all was the assortment of apples and among them was a handsome crate from Garrard county.

Many of the newest farming implements and devices were exhibited, ranging from riding plows and various hand implements to overhead irrigation. A crowd much in excess of any previous year was present all week. Farmers from all over the State were present and much interest was manifested and great benefits derived. Gov. McCreary was present at the banquet Thursday evening and responded to the toast: "The Equality of Opportunity." Many rousing speeches were made throughout the week, urging the co-operation of the farmers and showing how the state and great benefits derived. Gov. In 1895 Florida had a severe freeze and for seven long years the various citrus crops were spoiled. In fact the freeze was so severe that many of the trees were killed. This killed Florida for the time and property went down to such an extent that it could be bought for a song and orange groves could be had for the asking. In fact many people made no effort to sell their holdings but moved away, seemingly glad to get off with their lives. Time went on, orange trees were set out and time they began to grow and bear their golden fruit. The trees continued to bear and Florida today is in a most prosperous condition. Her people are happy and contented and those who are striving are making a good living. It is a veritable land of delight with the greatest climate in the world. California has just experienced what Florida did some seventeen years ago and her people are about as blue as the Florida was under similar circumstances. The freeze last week did over \$25,000,000 in damage to the citrus crops of the Golden State and many of the trees were put out of commission. This will require the setting out of new trees and it will take six or seven long years for the State to get back where it was as a fruit-growing country. California has probably forged to the front faster than any other State in the union and while this set-back will cripple her, the State of wonderful resources will continue to remain on the map and in time the freeze of 1913 will be forgotten. In the meantime we opine the Florida is laughing in his sleeve, for the California freeze means a big advance in oranges, grape-fruit, tangerines and the like and the Peninsula State has an immense crop. It means an advance of probably a dollar on the box, probably more, which spells many million dollars to her growers. What is one man's loss is sometimes another's gain, and it is the test of manhood and the Christian spirit who gain and that loss are accepted. In proportion that Florida is fortunate, she should be charitable, just as courage and optimism are demanded of the man of the West. If either party fail to live up to this standard, it seems but more grief brought to the mill of the Gods.

SEEMS to us that Judge Benton, who is trying the alleged assassins of Ed Callahan, did the judicious thing in stopping the trial for a while and letting the grand jury take a whack at those witnesses who were swearing all sorts of ways in those cases. A few of them sent up for perjury would have a salutary effect and would doubtless materially aid in meeting out justice to the guilty gang, whom we verily believe brought about the death of Callahan.

DESPITE all the vehement denials of Fritz Scheff and her author husband, John For, Jr., the divorce suit of Miss Scheff goes merrily on in New York City. The story is true in spite of the young woman's positive denials. It is to be believed that Miss Scheff's denial was based upon an understanding that both sides to the suit should keep a secret.

TOM WATSON is at Fort Lauderdale and W. J. Hyman at Miami, both Florida towns. This is entirely too close for comfort for those intelligent democrats. Watch something "dram."

A SUPPERETTE parade under military surveillance will be one of the attractions in Washington preceding inauguration day. This procession comes as a direct promise from President Taft.

Precinct Committees to be Elected Saturday. At the last meeting of the State Democratic Convention, the Democrats of the State, through their representatives adopted rules requiring Democrats to meet at their respective voting places on the third Saturday in January, 1913, which is the 18th, at 2 o'clock p. m., and elect Precinct Committees. The sections of the rules above referred to are as follows:

Section 19. Said precinct committees shall be elected on the third Saturday in January, 1913, and shall be residents of their respective precincts. The Democrats of this State shall meet at various voting precincts at the hour of 2 o'clock p. m. (standard time) and proceed to the election of a committee of five members to be known as the precinct committee. The retiring precinct committee shall call their respective precinct mass meetings to order and shall preside until the mass meeting shall elect a new committee. When there is a vacancy in the office of precinct committee, the chairman of the county committee shall designate some qualified Democrat living in the precinct to call said meeting to order and preside until the election of a new committee.

Section 20. On the Monday following such election, such precinct committee shall meet at their various county seats in the counties having not more than one legislative district, and in counties having more than one legislative district they shall meet at some convenient place in their legislative districts, to be designated by the respective county or legislative district chairman then in office who shall preside and organize by electing a chairman and secretary to said county or legislative district committee. The chairman or secretary may not be a member of said committee. The chairman or secretary may be removed at the will of a majority of said committee. In containing cities of the first class, these meetings and all other meetings of the precinct committees in the legislative district embracing that part of the county outside the city shall be held at the county court house, or at some other place designated by the chairman of the legislative district committee, of which due notice shall be given.

The committee cannot be appointed but must be elected. Full copies of the Rules will be sent to every Precinct Chairman in the State. The importance of this to the party can hardly be over-estimated. Every Democratic newspaper in the State is requested to publish the sections quoted above. R. H. Vansant, Chairman State Central and John H. Woods, Exec. Committee Secretary.

MARRIED Jerry Farthing and Miss Della Casteel, both of this county, will be married on the 14th. John Blackman and Miss Leatha Parish, of the Valley View section, were married Monday.

William Griggs and Miss Sallie R. Smith, both of the Newby section, were joined in wedlock's holy bonds on the 9th. John C. Parks and Miss Elizabeth Moore were married Saturday by Judge Shackelford. Both are from the Buckeye State, who has made friends of all of our people whom he has been in contact with while on his several visits to see Miss White. The wedding will be a quiet but very elegant affair.

Good Sales at Both Houses. The loose leaf market was rushed yesterday, both houses selling near their capacity. The quality of paper was practically all number one grade, several hundred pounds selling as high as \$48 per hundred, while the lowest price was \$32 per hundred. The net average was \$40 per hundred. A lot of \$20,000 pounds passed over both floors. Good sales were held at both houses. Another Tobacco Warehouse. Mr. Edgar Blanton, of the Blanton-Compton Lumber Co., sold today to Messrs. L. M. Hume and W. E. Luxon a lot 95x40 feet, lying on the L. & A. tract and opposite the Mallory Tobacco Warehouse. We are informed that the buyers will build a large tobacco warehouse on the ground, which will give Richmond three houses of that kind. Enterprises for this good city are coming so rapidly that it is hard to keep tab on them all.

"Mr. Bob" will arrive about February 7th. You will know he is in town the minute he puts his foot on terra firma.

TUESDAY, JAN. 14 1913

In 1895 Florida had a severe freeze and for seven long years the various citrus crops were spoiled. In fact the freeze was so severe that many of the trees were killed. This killed Florida for the time and property went down to such an extent that it could be bought for a song and orange groves could be had for the asking. In fact many people made no effort to sell their holdings but moved away, seemingly glad to get off with their lives. Time went on, orange trees were set out and time they began to grow and bear their golden fruit. The trees continued to bear and Florida today is in a most prosperous condition. Her people are happy and contented and those who are striving are making a good living. It is a veritable land of delight with the greatest climate in the world. California has just experienced what Florida did some seventeen years ago and her people are about as blue as the Florida was under similar circumstances. The freeze last week did over \$25,000,000 in damage to the citrus crops of the Golden State and many of the trees were put out of commission. This will require the setting out of new trees and it will take six or seven long years for the State to get back where it was as a fruit-growing country. California has probably forged to the front faster than any other State in the union and while this set-back will cripple her, the State of wonderful resources will continue to remain on the map and in time the freeze of 1913 will be forgotten. In the meantime we opine the Florida is laughing in his sleeve, for the California freeze means a big advance in oranges, grape-fruit, tangerines and the like and the Peninsula State has an immense crop. It means an advance of probably a dollar on the box, probably more, which spells many million dollars to her growers. What is one man's loss is sometimes another's gain, and it is the test of manhood and the Christian spirit who gain and that loss are accepted. In proportion that Florida is fortunate, she should be charitable, just as courage and optimism are demanded of the man of the West. If either party fail to live up to this standard, it seems but more grief brought to the mill of the Gods.

SEEMS to us that Judge Benton, who is trying the alleged assassins of Ed Callahan, did the judicious thing in stopping the trial for a while and letting the grand jury take a whack at those witnesses who were swearing all sorts of ways in those cases. A few of them sent up for perjury would have a salutary effect and would doubtless materially aid in meeting out justice to the guilty gang, whom we verily believe brought about the death of Callahan.

DESPITE all the vehement denials of Fritz Scheff and her author husband, John For, Jr., the divorce suit of Miss Scheff goes merrily on in New York City. The story is true in spite of the young woman's positive denials. It is to be believed that Miss Scheff's denial was based upon an understanding that both sides to the suit should keep a secret.

TOM WATSON is at Fort Lauderdale and W. J. Hyman at Miami, both Florida towns. This is entirely too close for comfort for those intelligent democrats. Watch something "dram."

A SUPPERETTE parade under military surveillance will be one of the attractions in Washington preceding inauguration day. This procession comes as a direct promise from President Taft.

Precinct Committees to be Elected Saturday. At the last meeting of the State Democratic Convention, the Democrats of the State, through their representatives adopted rules requiring Democrats to meet at their respective voting places on the third Saturday in January, 1913, which is the 18th, at 2 o'clock p. m., and elect Precinct Committees. The sections of the rules above referred to are as follows:

Section 19. Said precinct committees shall be elected on the third Saturday in January, 1913, and shall be residents of their respective precincts. The Democrats of this State shall meet at various voting precincts at the hour of 2 o'clock p. m. (standard time) and proceed to the election of a committee of five members to be known as the precinct committee. The retiring precinct committee shall call their respective precinct mass meetings to order and shall preside until the mass meeting shall elect a new committee. When there is a vacancy in the office of precinct committee, the chairman of the county committee shall designate some qualified Democrat living in the precinct to call said meeting to order and preside until the election of a new committee.

Section 20. On the Monday following such election, such precinct committee shall meet at their various county seats in the counties having not more than one legislative district, and in counties having more than one legislative district they shall meet at some convenient place in their legislative districts, to be designated by the respective county or legislative district chairman then in office who shall preside and organize by electing a chairman and secretary to said county or legislative district committee. The chairman or secretary may not be a member of said committee. The chairman or secretary may be removed at the will of a majority of said committee. In containing cities of the first class, these meetings and all other meetings of the precinct committees in the legislative district embracing that part of the county outside the city shall be held at the county court house, or at some other place designated by the chairman of the legislative district committee, of which due notice shall be given.

The committee cannot be appointed but must be elected. Full copies of the Rules will be sent to every Precinct Chairman in the State. The importance of this to the party can hardly be over-estimated. Every Democratic newspaper in the State is requested to publish the sections quoted above. R. H. Vansant, Chairman State Central and John H. Woods, Exec. Committee Secretary.

MARRIED Jerry Farthing and Miss Della Casteel, both of this county, will be married on the 14th. John Blackman and Miss Leatha Parish, of the Valley View section, were married Monday.

William Griggs and Miss Sallie R. Smith, both of the Newby section, were joined in wedlock's holy bonds on the 9th. John C. Parks and Miss Elizabeth Moore were married Saturday by Judge Shackelford. Both are from the Buckeye State, who has made friends of all of our people whom he has been in contact with while on his several visits to see Miss White. The wedding will be a quiet but very elegant affair.

Mr. Clarence E. Woods, editor of the Lake Eutaw, Fla., Lake Region, has been in his old home city of Richmond for several days past. He was royally received by his legion of friends who were delighted to have him among them even if for a little while. Mr. W. is well known as "Major" Woods, having served Richmond most faithfully and efficiently as its mayor some three or four years ago. He is now a resident of the "Land of Sunshine and Flowers," and is highly pleased with that State. He thinks Florida the future great and believes as many do that it is only a question of a few years until every acre of ground there will be put to good use by the great population that will gather from all parts of the country. Editor Woods is in splendid health and is a good advertisement of his adopted State.

"Mr. Bob." "Mr. Bob," a refreshing farce comedy, will be presented by a company composed mostly of local talent at the opera house on Friday, January 10th, at 8 o'clock. The play is an intensely interesting one and very funny. There is a lot of singing in it and some of the best voices in the city will be heard. The proceeds of the entertainment will go to the Patriotic Club Infirmary. As it will be a good show and for a good cause the opera house should be full to overflowing the night on which it is presented.

Am't You Joking, Louis? Editor Louis Landrum, of the Danville News-Gazette, says that there was an excellent ice harvest in Boyle county last week and many of the farmers filled their houses with fine quality of ice. As there was no freezing weather in the week of the woods last week, nor has there been an ice season in Madison this winter, as at Madison is only about twenty-five miles from Boyle, we are inclined to the belief that our good friend Louis is either "just" fooling" or has recently experienced one of those peculiar rains during which you dream about ice, ice water and other good cold things.

Berryman, a prominent merchant of Trapp, Clark county, near the Eschill line, was arrested by Police-man John Ballard, of Winchester, Monday and he and two other officers and the prisoner spent the night at the Newby Hotel in this city. It was the intention of the officers to go on to Winchester on the 6:30 train this morning, but they missed that train and did not get off until the 2 o'clock accommodation. The Climax was unable to get an interview with the young man. It will be remembered that it was at a dance at a brother of Berryman that he was killed. Surely Banishes Catarrh. Where there's catarrh there's thousands of catarrh germs. You can't get rid of catarrh unless you kill these germs. You can't kill them with stomach medicine or sprays because they can't get where germs are. You can kill these germs with Booth's HYOMEL, a penetrating, antiseptic, balsamic air that you breathe a few times a day directly over the raw, sore, germ-infested membrane. It does not contain morphine or any habit-forming drug. For catarrh, croup, coughs, and colds, HYOMEL is held on money back plan by R. L. Middleton. Complete outfit, \$1.00. Extra bottles of Booth's HYOMEL, after bottles needed, only 50 cents. Just breathe it in—no stomach dosing.

Death of John P. Long. Mr. John P. Long died at his home on Richmond street in this city on last Monday morning at 2:30 o'clock. He united with the Baptist church at Gilead in that county fifty years ago and had ever been a consistent member, he was also one of the oldest members of the Masonic lodge at Kirksville Ky. The Democratic electors met at Frankfort Monday and after electing Robert Harding of Danville, as chairman, the 18 votes of Kentucky were cast for Wilson and Marshall for President and Vice President. Lawrence of Trigg County was elected as messenger to carry the vote to Washington.

Record-Breaking Rain Fall.

Probably the heaviest rain fall in this section of the State in the recollection of the oldest inhabitant has occurred so far this month. Up to Sunday last, January 11th, nearly eight inches had fallen since January 1. A great deal of damage has been caused by the excessive rains all over the State and Madison county has suffered no little. Think of eight inches of rain here in eleven days and only ninety-four-one-hundredths of an inch at Los Angeles since last spring, nine months ago. Some difference, isn't it.

Bitten By a Dog.

Alec, the bright little five-year old son of Hon. L. B. Herrington, was severely bitten on the face by a dog the other day. The dog's teeth lacerated the flesh around the little fellow's nose and right eye and it is probable that an ugly scar or so will be left. The dog, which was a well-known bird hunter, belongs to Col. Harvey Gensault, and little Alec was playing with the canine when it bit him.

Richmond Climax To Be Semi-Weekly.

The Richmond Climax began a semi-weekly publication this week and it is their aim to begin the publishing of a daily at an early date. With the wide experience of E. C. Walton as editor; A. D. Miller, president and manager; W. G. White, secretary-treasurer, the Climax anticipates great progress for the year 1913. — W. S. Broadus Richmond Correspondence to Lexington Leader.

Farmers Union To Give Series of Lectures.

The Farmer's Union of Madison county will begin shortly a series of lectures by prominent speakers of the State on topics of interest to farmers. Experts in live stock breeding, the culture of tobacco, corn and other farm products will offer to the public the benefit of their experience and research. These talks will be well worth the time and attention of all who desire to improve their farms and incomes. Dates will be announced later.

We handle all kinds of chicken feeds, grits, oyster shells, charcoal and etc. — D. B. McKinney. 28-1f

Dam Broke.

During "the flood" of last week a portion of the dam at Lake Huber broke and besides the loss of water the remainder was so badly stirred up that we now have cider-colored fluid for drinking and washing purposes. It isn't very palatable, but as Richmond is a "dry" town it is the only thing obtainable to quench the thirst, so we quench it with just as little of the muddy stuff as possible. The Water Co. people tell us that the trouble we are now having will not bother us long.

Public Notice.

Public notice is hereby given that in accordance with the Democratic Party Law the Democrats of Madison county will assemble in mass convention in the various voting precincts thereof at 2 o'clock, standard time, next Saturday, Jan. 18, 1913, for the purpose of electing a member of the Democratic County Committee for each and every precinct. Said mass convention will be called to order by the present committeeman thereof, and the committeemen so selected in mass convention will meet at the court-house in Richmond, Ky., on Monday, Jan. 20, 1913, at 11 o'clock for the purpose of electing a county chairman and secretary, and for organizing the democratic county committee.

Respectfully,
J. A. SULLIVAN, Chairman,
S. H. THORPE, Secretary.

Bear With Us.

We crave the patience of our patrons in the delivery of the Climax. Last Friday a number failed to get it because of the inefficiency of the carrier boys. We are getting things down to a finer point now and hope that this and all subsequent issues will reach our readers each Tuesday and Friday afternoon. The carrier boys are started from the office about 3:30 and the Climax should be in every home in the city by 5 o'clock at the outside. If you fail to get your copy don't hesitate to phone us. The paper is due you and you shall have it if matters not the cost or trouble. You know Uncle Sam will let the city carriers deliver weeklies but a paper published elsewhere has to pay a cent a copy for them to do so. We publish 104 papers a year. Figure these at one cent a copy for delivery and you will find out our profit. Why Uncle Sam makes this distinction we know not nor do we care. It is annoying enough to know that he does it.

Died While Being Operated On.

A little eighteen months old child of Mr. Eldridge Stone, of the Waco section, died at an Infirmary here Saturday afternoon while being operated on. While Dr. Little mother was preparing dinner Saturday he got hold of a butter bean and put in his mouth. She tried to prevent him from swallowing it but without avail. In a few seconds the child was deathly sick and he was brought to this city to Dr. Murison Dunn for treatment. Dr. Dunn in turn took him to the above Infirmary and an operation was decided upon. This was begun but before much headway was made the child breathed its last. The burial took place Sunday in the family burying ground and was attended by a large circle of friends, notwithstanding the inclement weather. The parents are broken-hearted over their irreparable loss and great sympathy is felt for them. The child was an unusually bright one and the loss of him is crushing to the members of the family.

New Newspaper Issued by Masons.

Application was made to the post-office Friday for admission to second class rates of the smallest newspaper ever printed in Lexington. It is a monthly publication called the *Acacia*, published by the Masonic Club of Lexington, with headquarters in the Phoenix Hotel, Room 21.

The paper is conducted entirely in the interest of Freemasonry and it is stated that no salary or remuneration of any kind, beyond the actual cost of printing and mailing, is received by any one connected with it. It issues 1,000 copies, which it distributes to club members, who are affiliates with the Masonic bodies in Lexington mostly, though some of them are in foreign countries and widely scattered over the country.

An advance copy of the next issue contains information concerning the secret order of Freemasonry quite at variance with the ideas of the general public as to the fraternity, in some respects. It is learned that "Freemasonry" is not the lodge or organization itself, but the name of the moral code taught in the lodge, which is said to be such that all men, regardless of religious opinions, can agree upon it.

The Choice of a Husband.

Is too important a matter for a woman to be handicapped by weakness, bad blood or foul breath. Avoid these pitfalls by taking Dr. King's Life Pills. New strength, fine complexion, pure breath, cheerful spirit—things that win—follow their use. Easy, safe, sure 25c at all druggists. adv 1m

Express Companies Hard Hit.

It was John W. Wamaker, who was Postmaster General at that time, who said that there were four reasons why we had never had the parcel post, and they were the four express companies. By exerting tremendous influence in Congress and maintaining a big lobby the express companies successfully fought the parcel post for years, but justice finally prevailed against them. The parcel post became a law at the last session of Congress, going into effect at the beginning of the year.

Coincident with the passage of the law there was a marked depression in the stock of the express companies and the Postmaster General Hitchcock says that the innovation will finally put the express companies out of business. The public seems to think so too, for stock in the Adams dropped from \$200 to \$145 and in the American from \$300 to \$145 last week.

The express companies have long fattened on the necessities of the public and it is gratifying that their day of judgment has arrived. They were the most insolent and exorbitant of all public carriers and there will be no tears shed if they are entirely eliminated.—W. P. Walton in Lexington Herald.

Good "If" Story on Politics.

If all the members of the State Legislatures of 1913 in all the States could be assembled in mass meeting, the division along party lines would be as follows:

Democrats	3,867
Republicans	1,920
Progressives	1,002
Socialists	17
Independents	16

These figures, according to the Progressives, are prophetic. In the first place, they say, the progressives have elected a sufficient number of legislators to insist upon laws being enacted to carry out their platform. The figures also tell of the hopeless division between the Republicans and the Progressives and the ascendancy of the Democrats, which it is declared will be maintained as long as there is the sharp division in the Republican party.

Motor Licenses Yield Large Sums.

Secretary of State Cresswell filed a report with Auditor Bosworth and turned into the State Treasury at Frankfort, \$2,975,000 collected as taxes on motor vehicles during the last six months of the year just closed. There was \$9,253,300 collected from this source during the first half of the year making a total of \$12,228,300 collected during the year. The automobile bill became effective June 14, 1910, and the collections from that date to Dec. 31, 1911, amounted to \$4,325,300, which shows that the automobile business is on the increase.

"Tell Me Not"—Again.

Tell me not in idle jingle,
Marriage is an idle dream.
For the man is blue that's single,
And a wife is what she seems.

Girls are proud and independent,
And they do not need a man,
They can carry out life's rough battle
Let men beat them if they can.

Working, yearning for the ballot,
Is their studied end and way,
And to act that each tomorrow,
Nearer brings the voting day.

Girls are sweet and kindhearted,
They sometimes take the man and ring,
In a time, perhaps, to sell it,
To pay the grocer's bill he brings.

Live of bachelors all remind us,
Of their country's way, poor things,
And departing leave behind them,
Shirts without buttons, shoes without strings.

Old duds, perhaps, to whom another,
Shirking thru life's solemn school,
Some dejected, jilted brother,
One day may some maiden fool.

Girls be wise, not demented,
Nor lured thru Hymen's gate,
Still unmarried, still contented,
Let the lazy bachelors wait. —A Woman.

The Kentucky State Board of Health, in its recent report, states that there are in Kentucky 20,000 cases of tuberculosis. Why don't they use Smith's Lung Tonic? Price \$7.00 per gallon. Listen to this statement:

"My daughter was ill for about five years with consumption, we were told she wouldn't live three months. When we commenced the use of Smith's Lung Tonic, she began immediately to improve. She used one gallon and was entirely cured. We had used a number of other things without a success. I cheerfully recommend this medicine as one of the best medicines I ever used in my family."

JUDOR W. H. BLANTON,
Jackson, Ky.
Feb. 13, 1908.

Philip Barnhard, New Philadelphia, Ohio, states:

"I had three specialists to treat my wife; they told me she had tuberculosis or consumption and could not get well. I had used numerous remedies before I sent for the specialists; finally as a last resort, I sent for a gallon of Smith's Lung Tonic. It is now well and has been since December 1911."

Smith's Lung Tonic is just like Smith's Liniment. 40 years test has proven this liniment the best. Who doubts it? The man who has never tried it.
